

Team Name: Intelligence

Team Project: Sumerge

| Criteria | Completeness                                 | Epic vs User Stories    | Format | Priority |
|----------|--|-------------------------|--------|----------|
| Grade    | 3/3  | 0/2                     | 2/2    | 1/1      |
| Reason   | Missing document generation and regeneration | Too many non-epic epics |        |          |

Comments on User Stories

| User Story Number | Comment                        |
|-------------------|--------------------------------|
| 1.1               | Not an epic                    |
| 1.2               | Not an epic                    |
| 2.1               | Frontend                       |
| 3.1               | Not an epic                    |
| 3.4               | How?                           |
| 3.6               | Shouldn't he be notified?      |
| 4.3               | This isn't a single user story |
| 6.x               | They are all not epics         |
| 7.1               | How?                           |
